

Middle and Upper School Cell Groups

What is a cell group?

Well, the dictionary defines cell as a small group of people who work together and are part of a larger organization.

Wikipedia says: Cell groups are made of small numbers of Christians, often between six and twelve people who are led by a cell leader. When the cell group believes that the cell group has grown too large, the cell group may divide to form two separate and smaller cell groups. Cell groups are frequently intended to grow by members bringing along friends, who start attending regularly and become part of the group, becoming Christians at some stage. Even more importantly is that a small group (2-15 people) fosters accountability, bonding and discipleship. When the cell members believe that the cell has grown too large (ideally less than 15 people), it may split into two groups, providing an opportunity for more members to assume leadership responsibilities for one of the two new groups.

TKA will have cell groups this year for grades 7-12. If you are interested in being a part of a group, please turn in this form to Mrs. Leviner on Registration Day. The cell groups will select a time either in the morning before school or during lunch to meet and study the Bible, fellowship, and pray.

Name: _____

Grade: _____

Time you can meet: Morning Lunch

Day you can meet: _____

Phone number: _____

Email address: _____
