

To: Parents of Middle and Upper School Students
From: Betty Leviner, Spiritual Life Department

During the course of the school year, we have planned to challenge students to walk in purity and holiness in areas of what they watch and listen to and what they do. We will bring in speakers and show videos concerning sexual morality, issues concerning internet pornography, and purity in all areas. The 11th and 12th grade Apologetics deals with topics such as abortion and homosexuality.

All material presented to the students will be age appropriate and approved by the Board and Headmaster.

Please indicate below that you give your permission for your child to participate in these opportunities. Parents will be informed through the weekly sheet and web calendar when these opportunities will be scheduled. Parents are welcome to attend. It is our goal to be challenging students to choose to live in a way that would bring glory to God.

I give my permission for my child _____ to participate in these special opportunities.

I **do not** give my permission for my child _____ to participate in these special opportunities.
